**UNITED STATES INTELLIGENCE BOARD
SECURITY COMMITTEE**

9 July 1975

ANNUAL REPORT -- FY-1975

1. In accordance with the DCI's objectives, the Security Committee of USIB was reorganized. A former senior FBI officer with an intelligence community background was appointed by the DCI as Chairman and tasked by Letter of Instruction, dated 16 October 1974, to implement the Committee's new charter, DCID 1/11, "Security Committee," which had been promulgated on 23 August 1974. To reflect and facilitate community participation, the DCI called for USIB members to provide senior representation on the Committee and senior officers of the Department of State, NSA and CIA were selected to head standing subcommittees. The Committee was fully operational by January 1975.
2. The DCI's objective to review national security policies and related DCIDs through an LOI task to the Committee has been addressed by the Committee as matters of concern arose such as implementation of the amended Freedom of Information Act (FOIA), DCIDs relating to security policy and matters related to inquiries of the Select Committees of the Senate and House.
3. In connection with requests to the USIB under the FOIA and Executive Order 11652, the Security Committee arranged a special meeting with counsels of USIB-member departments and agencies and served as a forum for exchanging viewpoints on implementation procedures. The Chairman of the Committee served on the Working Group establishing CIA regulations with regard to implementation of the FOIA and arrangements were made within CIA for handling FOIA requests to the USIB.
4. The Committee received from USIB for review, revision and recommendations a proposed revision of DCID 1/7, "Control of Dissemination of Intelligence." The Compartmentation Subcommittee revised this DCID and it is presently being coordinated in the community. The recommended revision is expected to be forwarded to the DCI in July 1975.
